EcoTrim®

EPDM/Rubber Universal Moldings

Profile	Creative Part #	Size	Description	Feet/Roll
	ECO16	16mm / 5/8"	Universal Solid Rubber (Most popular size)	75
	ECO20	20mm / 3/4"	Universal Solid Rubber (Great for covering areas where paint is a problem)	75
	ECO26	26mm / 1"	Universal Solid Rubber (Largest universal molding available from Creative)	16
	ECO16FL	16mm / 5/8"	Feature Line Solid Rubber (Feature line popular for sports cars & upgrades)	75
	ECO20FL	20mm / 3/4"	Feature Line Solid Rubber (Feature line popular for sports cars & upgrades)	75
	ECO07UL	6.5mm / 1/4"	U-Lip Solid Rubber (Most flexible U-lip design works great in tight corners)	75
	ECO10UL	10mm / 3/8"	U-Lip Solid Rubber (Most flexible U-lip design works great in tight corners)	75
	ECO08US	8mm / 5/16"	Underside Solid Rubber	75
	ECO10US	10mm / 3/8"	Underside Solid Rubber	75
	ECO05US	6mm / 7/32"	Underside Rubber	75
	ECO06US	6.5mm / 1/4"	Underside Rubber	75
	ECO07US	7mm / 9/32"	Underside Rubber	75
	ECO11US	10mm / 3/8"	Underside Rubber	75
	ECO12US	7mm / 9/32"	Underside Rubber	75
	ECO13US	6.5mm / 1/4"	Underside Rubber	75
	ECO14US	10mm / 3/8"	Underside Rubber	75

UNDERSIDE RUBBER:

- Economical and easy to use.
- Extremely flexible material that corners very well.
- Preapplied adhesive tape to attach to the glass surface.
- Great for use on quarter and back glass applications.

All part numbers come on 75' Spool (except ECO26 - 16Ft.)

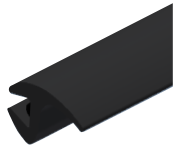

EcoTrim®

EPDM/Rubber Universal Moldings

EC016

16mm (5/8")
Universal Solid
Rubber

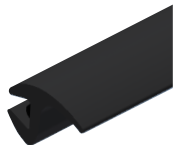

- ▶ Most popular size for universal molding

EC020

20mm (3/4")
Universal Solid
Rubber

- ▶ Great for covering areas where paint is a problem

EC026

26mm (1")
Universal Solid
Rubber

- ▶ Largest universal molding available from Creative

EC016FL

16mm (5/8")
Feature Line Solid
Rubber

- ▶ Feature line popular for sports cars and customer upgrades

EC020FL

20mm (3/4")
Feature Line Solid
Rubber

- ▶ Feature line popular for sports cars and customer upgrades

EC007UL

6.5mm (1/4")
U-Lip Solid Rubber

- ▶ Most flexible U-lip design works great in tight corners

EC010UL

10mm (3/8")
U-Lip Solid Rubber

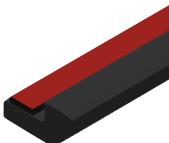

- ▶ Most flexible U-lip design works great in tight corners

EC005US

6mm (7/32")
Underside
Rubber

- * Economical and easy to use.
- * Extremely flexible material that corners very well.
- * Preapplied adhesive tape to attach to the glass surface.
- * Great for use on quarter and back glass applications.
- * Same for all Underside Rubber moldings below

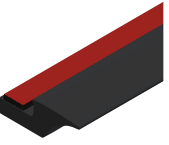

EC006US

6.5mm (1/4")
Underside
Rubber*

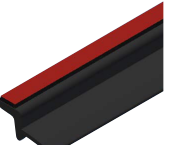

EC007US

7mm (9/32")
Underside
Rubber*

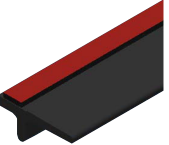

EC008US

8mm (5/16")
Underside Solid
Rubber*

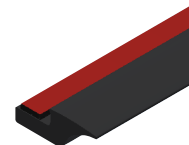

EC010US

10mm (3/8")
Underside Solid
Rubber*

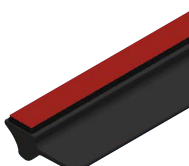

EC011US

10mm (3/8")
Underside
Rubber*

EC012US

7mm (9/32")
Underside
Rubber*

EC013US

6.5mm (1/4")
Underside
Rubber*

EC014US

10mm (3/8")
Underside
Rubber*
